ADA/Enrollment -

Budget Adopt	tion ADA	1 st Interim ADA
2023-24	1703.30	1607
2024-25	1627.19	1613
2025-26	1615.27	1613

COLA –

Average 4 years to get 3.4% for 2024/25 instead of 3.94% on School Services of California (SSC) Dartboard. 3.29% was used for 2025-26

LCFF and Revenue

Increased 3.5% for 2023-24 from budget adoption; 7.9% for 2024-25 and 12.4% for 2025-26. One reason is property tax revenues have increased.

State Revenue is projected to increase due to more mental health services funding received, STRS on behalf and increase in classified employees participating in summer program.

Other Assumptions

Federal revenue and expenditures dramatically decreased as COVID one-time funds will end as of 9/30/24.

2025-26 the district will need to be conservative to maintain a positive ending balance.

Projected Deficit spending 8.1% (\$4,035,893) for 2023-24, 5.5% for 2024-25, and 3.2% for 2025-26.

Projected Ending Balance for 2023-24 \$5,637,975; for 2024-25 \$4,626,584; and for 2025-26 \$3,973,049

Fund 01 – 10% changes from adopted budget

Salaries and benefits have been increased for the recent 8% salary negotiated; however the decrease from adopted budget is due to position control not appropriately adding to budget and was over budgeted in July.

Capital Outlay increased due to using deferred maintenance funds for district required repairs.

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

Part I - General Administrative Share of Plant Services Costs	
California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (ma operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs att administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration a percentage of square footage occupied by general administration.	ributed to general

2. Contracted general administrative positions not paid through pay roll	
a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a	
contract, rather than through pay roll, in functions 7200-7700, goals 0000 and 9000, Object 5800.	0.00
b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general	
administrative position paid through a contract. Retain supporting documentation in case of audit.	
B. Salaries and Benefits - All Other Activities	
1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)

C. Percentage of Plant Services Costs Attributable to General Administration	
Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6)	3.69%
Part II - Adjustments for Employment Separation Costs	
When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition	
to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal	
or mass" separation costs.	
Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board	
policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs	
may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation	
costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter	
these costs on Line A for inclusion in the indirect cost pool.	
Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their	
employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden	
Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal	
programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general	
administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.	
A. Normal Separation Costs (optional)	
Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that	
were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400	
rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool.	0.00
Retain supporting documentation.	
B. Abnormal or Mass Separation Costs (required)	
Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to	
unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be	0.00
moved in Part III from the indirect cost pool to base costs. If none, enter zero.	0.00

Part IV - Carry-forward Adjustment		
The carry-forward adjustment is an a	fter-the-fact adjustment for the difference between indirect costs recoverable using the indirect	
cost rate approved for use in a giver	n y ear, and the actual indirect costs incurred in that y ear. The carry-forward adjustment eliminates

the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the	
approved rate was based.	
Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for	
use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs,	
or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than	
the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

Part I - General Administrative Share of Plant Services Costs	
California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (ma operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs att administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration a percentage of square footage occupied by general administration.	ributed to general

Part II - Adjustments for Employment Separation Costs	
When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition	
to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal	
or mass" separation costs.	
Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board	
policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs	
may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation	
costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter	
these costs on Line A for inclusion in the indirect cost pool.	
Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their	
employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden	
Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal	
programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general	
administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.	
A. Normal Separation Costs (optional)
