Revised December 2021

River Delta Unified School District

OUR MISSION

In a diverse community, rich in agricultural and family traditions, the River Delta Unified School District will provide a safe, supportive, rigorous, student-centered education in which all students are prepared to achieve their maximum potential and become productive members of society.

WE BELIEVE.....

- ◆ learning is continuous
- ◆ developing self-respect and mutual respect is essential
- ◆ we are responsible for ourselves and our actions
- ◆ families, schools and communities need to work cooperatively
- ◆ positive thinking develops a positive attitude
- ◆ a sense of humor is healthy
- ◆ change is inevitable, and we should plan accordingly
- ◆ leadership affects actions, perceptions and attitudes
- ◆ accountability for our commitments is expected
- ◆ and communication is essential

OUR STRATEGIES.....

Curriculum:

We will implement curriculum and instruction aligned with state and local standards and assessment to ensure articulated k-12 continuous learning.

Facilities:

We will utilize and update all of our resources and facilities to their fullest potential for the educational benefits and safety of our students and for our community.

Growth and Update:

We will address the needs of each community and take appropriate action based on anticipation of growth and updates of existing structures.

School Efficiency:

We will design and implement a strategic plan which addresses planning and communication among teachers, students, parents, administrators and community.

Social Issues:

We will implement age-appropriate programs that will educate students and parents about physical, emotional and social development and responsibility.

Technology:

We will utilize technology to enhance student learning; improve communication with families, communities and district staff and manage data and equipment.

OUR OBJECTIVES.....

...are focused on student growth, success and achievement and satisfaction.

- ◆ Students will be able to achieve success at the next educational level.
- ◆ Our high school graduates will be adequately prepared to begin their post-secondary pursuits.
- ◆ Students will be encouraged to think creatively and to act socially responsibly.
- ◆ We will utilize communication, accountability and leadership to provide the best environment for all students.

RIVER DELTA UNIFIED SCHOOL DISTRICT

Important information about California State Health Requirements for Kindergarten and Transitional Kindergarten

Please read and take this packet with you

- **Immunizations-** Proof of immunization is required to enroll all students. You will receive a notice if your child does not meet California State Immunization requirements. Please take your child to get the needed immunizations and bring an updated record to the school office as soon as possible. **Children cannot start school until all immunization requirements have been met and the updated record has been received and reviewed.**
 - Effective January 1st, 2016 exemptions for religious or other personal beliefs are **no longer an option** for the vaccines that are currently required for entry into school or child care in California
 - Medical exemptions require a written statement signed by a California licensed Physician (medical physician or osteopathic physician) which states:
 - ✓ The specific nature of the physical condition or the medical circumstances for which the MD/DO does not recommend immunizations.
 - ✓ List each specific, individual, vaccine that is being exempted because of the said condition.
 - ✓ Whether the medical exemption is permanent or temporary.
 - ✓ If temporary, it must be dated and cannot last more than 12 calendar months from the date of signing.
- **Dental Exam (Oral Health Assessment)** - This requirement is due by May 31 of your child's first year in a public school. An Oral Health Assessment form (attached) must be completed by a dentist or other licensed or registered dental health professional and turned into the school office. A dental exam *done after August 12, 2021* will meet this requirement. If you would like to request for your child be waived from this requirement, please complete Section 3 and return by the due date.
- **Health Exam (CHDP)** - This requirement is due by November of your child's 1st Grade year. A Report of Health Examination (attached) must be completed by a licensed physician (M.D. or D.O.), certified pediatric nurse practitioner or certified family nurse practitioner. A health exam *done after February 12, 2022* will meet this requirement. Waivers for this requirement are available in the school office.

Please call your School Nurse if you have any questions regarding these California State Health requirements.

RIVER DELTA UNIFIED SCHOOL DISTRICT

PARENT'S GUIDE TO IMMUNIZATION REQUIREMENTS For Children Entering School or Child Care in California

The California School Immunization Law requires that children be up-to date on their immunizations (shots) to attend school or child care. Diseases like measles spread quickly, so children need to be protected **before** they enter school. Most children need booster shots before starting kindergarten.

◆ Here's what you will need at registration:

You will need your child's Immunization Record. It must show the date your child was given each required shot. If you do not have an Immunization Record or your child has not received all required shots, call you doctor or local health department right away to make an appointment.

◆ These are the shots that are required:

Look at your child's Immunization record to make sure you have a date for each shot required. Your record will list shots by the type of vaccine.

Polio	4 doses
DPT:	5 doses
MMR:	2 doses
Hepatitis B:	3 doses
Varicella (Chicken Pox)	2 doses (or your Doctor's letter certifying your child has had the disease)

If your child's record is missing some doses, please contact your doctor or clinic now. If your child recently received immunizations and needs an immunization later in the year, your child can be allowed to attend provided you get the remaining doses when they become due.

Your child may be exempted by a doctor because of a medical condition. Ask your school or child care provider for details.

RIVER DELTA UNIFIED SCHOOL DISTRICT

445 Montezuma Street
Rio Vista, California 94571-1651
(707) 374-1700 Fax (707) 374-2995
<http://rdusd.org>

Dear Parent or Guardian:

To make sure your child is ready for school, California law requires that your child have an oral health assessment (dental check-up) by May 31 in either kindergarten or first grade, whichever is his or her first year in public school.

A licensed dentist or other licensed or registered dental health professional needs to perform the assessment. If your child has had an assessment within 12 months of entering school, that assessment will meet this requirement. **Schools must receive a signed copy of the required form by May 31st.**

If you have a dental provider:

- Take the attached Oral Health Assessment form to the dental office to be completed at the time of your child's check-up.

If you do not have a dental provider, the following resources will help you find a dentist:

- Child Health & Disability Prevention Program (CHDP)
916-875-7151
<https://www.dhcs.ca.gov/services/chdp/Pages/default.aspx>.
- Medi-Cal Dental
800-322-6384
www.smileca.org.
- Sacramento Covered
866-850-4321 toll-free
<https://www.sacramentocovered.org>.
- Sacramento County Oral Health Program
916-875-5869
<http://www.saccountyoralhealth.net>

If you are unable to take your child for this required assessment, please indicate the reason in Section 3 of the form and return the form to your child's school.

California law requires schools to maintain the privacy of students' health information. Your child's identity will not be associated with any report produced because of this requirement.

Remember, children must be healthy to learn, and children with cavities are not healthy. Children need their teeth to eat properly, talk, smile, and feel good about themselves. Children with cavities and/or pain may have difficulty eating, stop smiling, and have problems paying attention and learning at school.

Tooth decay is an infection that does not heal and can be painful if left without treatment. If cavities are not treated, children may become sick enough to require emergency room treatment and their adult teeth could become permanently damaged.

Here are some important tips to help your child stay healthy:

1. Brush teeth with fluoride toothpaste twice a day
2. Floss daily
3. Drink fluoridated tap water (or take fluoride supplements in non-fluoridated areas)
4. Eat healthy snacks
5. Visit the dentist twice a year by age 1 or when the first tooth appears.

If you have questions about the new oral health assessment requirement, please contact: Angela Patin, RN, at (916) 417-0352; e-mail: apatin@rdusd.org.

Sincerely,

Kathy Wright
Superintendent
River Delta Unified School District

NOTICE REGARDING MEDICATION TO BE TAKEN DURING SCHOOL HOURS

The Laws Require the Following Concerning Medication to be taken at School:

Students are not allowed to bring any medicine to school with them to be self-administered. If non-prescription medication is required to be taken during school hours, such as aspirin, allergy pills, etc., a parent or guardian must bring the medicine to the school and give it to the students.

If a student must take medicine during school hours which has been prescribed by a doctor, the following applies:

An **Authorization for Administration of Medication During School Hours form** must be obtained from the school secretary and completed, signed by a parent and by the doctor prescribing the medication, and returned to the school office along with the medicine to be given. If a student needs to self-administer medication during school hours, then a **Medication Self-Administration form** must also be completed and signed by the prescribing doctor and parent.

Trained school personnel will then administer the medication at the prescribed time and keep a record of this on a medication card in the school nurse's office.

Medication must be in the container in which it was purchased with the pharmacy or manufacturer's label attached and must be prescribed to the student who will be taking the medication. The label will state: student's name, date, name of medication, dosage, time to be taken, special instructions and physician's name. No medications (including over-the-counter medications) will be given at school without a current Healthcare Provider prescription.

*** Every attempt will be made by school personnel to administer the medication in the dosage and schedule required. However, the prime responsibility rests with the pupil to report to appropriate school personnel for their medication. Should the medication be of such seriousness that a missed dosage will cause extraordinary reactions, the party should arrange for the medicine to be given to the pupil by themselves or another person outside the school, whomever the parent wishes to designate.

Enroll. Get Care. Renew.

Health Coverage All Year Long: 2022 Public Health Emergency Edition

Health Coverage Options

Medi-Cal:

- Children—regardless of immigration status—foster youth, pregnant women and legally present individuals—including those with DACA status—may be eligible for no- or low-cost Medi-Cal.
- Medi-Cal covers immunizations, checkups, specialists, vision and dental services, and more for children and foster youth up to age 26 at no or low cost.
- Medi-Cal enrollment is available year round.
- During COVID-19, Medi-Cal plans began offering more services using telehealth. Ask your provider about accessing care over video or telephone.

Covered California:

- Covered California is where legal residents of California can compare quality health plans and choose the one that works best for them.
- Based on income and family size, many Californians may qualify for financial assistance.
- Enroll during Open Enrollment or any time you experience a life-changing event, like losing your job or having a baby. You have 60 days from the event to complete enrollment.

Immigrant Families: Visit the [public charge guide](#). Receiving government health insurance and using health services will not affect your immigration status. Information is only used to determine eligibility. Click the [English](#) or [Spanish](#) versions for more details.

Enroll.

Three ways to enroll in Medi-Cal and Covered California:

- 1(800) 300-1506
- www.coveredca.com
- Find in-person help: www.coveredca.com/support/membership/contact-medi-cal/

Get Care.

- Find a primary care doctor in your network.
- Schedule an annual checkup for you and your family.
- Make sure to take your child to the dentist.
- Pay your monthly premium if your plan requires it.

Renew.

Medi-Cal must be renewed every year. While this has temporarily paused during the COVID-19 pandemic, it is important to ensure that Medi-Cal has your current address so that when it's time to renew your coverage, they can contact you. If you receive a renewal notice, be sure to act: you can renew by mail, online or over the phone. For help, contact your local Medi-Cal office. Click [here](#) to find your county office.

Health plans through Covered California must be renewed every year. Renewal information will be mailed at the end of the year, or you can contact Covered California directly at: 1(800) 300-1506.

Financial Help. You and your family may qualify for financial help:

For more information go to:
www.allinforhealth.org

The **ABCs** of Health Coverage for **ALL** Kids

**HEALTHY
KIDSMAKE
BETTER
LEARNERS.**

**ALL CHILDREN,
regardless of
immigration status,
are eligible for
Medi-Cal coverage.**

Health coverage and care are an important part of making sure children and youth succeed in school and life. As of May 16, 2016, health coverage through Medi-Cal is available to all undocumented children under 19 years old, whose families meet the income requirements. For example, all children in a family of four that has a monthly income of \$5,387 will qualify for coverage.

A Apply any time of the year

You can enroll in Medi-Cal any time of the year. You can apply over the phone, through a mail-in application, or in person at your local county human services office or local clinic. Get help finding a clinic at www.localclinic.net or by calling (855) 899-7587.

B Bring what you need

When you apply for Medi-Cal, bring as many of the following items as you can:

- E Proof of Identity** (any passport or photo ID)
- E Proof of Income** (current pay stub or bank statement)
- E Proof of Residency** (telephone or electric bill)
- E Medi-Cal cards of other family members**, if applicable

* Not all items are needed to enroll; more examples are accepted.

C Coverage and care are free or low cost

Medi-Cal is free for children whose household meets certain income requirements. Other families, depending on their income, may have a small monthly fee. For all children, Medi-Cal coverage opens the door to free preventive care and treatment, including medical, vision, dental, and mental health services. Getting regular preventive care, like checkups and screenings, makes it possible to identify and treat health problems before they become more serious conditions.

IMMIGRANT FAMILIES

can enroll their children in Medi-Cal without worrying how personal information, including their immigration status, will be shared. Personal information is safe and protected and will NOT be shared with immigration officials or used for immigration enforcement purposes. Medi-Cal will only use personal information to check eligibility status for health coverage.

**HEALTH
CARE
FOR ALL
FAMILIES**
